SUMMARY

Dynamic Full-Stack Web Developer with expertise in the MERN stack, specializing in building scalable, high-performance web applications. Skilled in designing intuitive user experiences, optimizing functionality, and delivering innovative solutions to complex challenges. Passionate about creating impactful, efficient systems and contributing to growth-driven, collaborative environments.

EDUCATION

Bachelor of Technology in Information Technology

Guru Nanak Institute of Technology

📅 2017 - 2021 📍 Hyderabad, India

EXPERIENCE

Full Stack Web Developer

BrightCHAMPS

📅 2023 - Present 📍 Bangalore, India

BrightChamps is a global EdTech company focused on providing personalized, cutting-edge learning experiences to students aged 6-18. It offers a wide range of courses in coding fostering future-ready skills.

- Enhanced user flow and interface for the company's EdTech platform using ReactJS, NodeJS, and MongoDB, leading to a significant improvement in user engagement and satisfaction.
- Developed indexed database architecture using SQL procedures and triggers for 10 different applications.
- Collaborated with cross-functional teams to optimize website performance and improve site navigation.

Senior Code Instructor

BrightCHAMPS

📅 2021 - 2023 📍 Bangalore, India

- Designed and delivered engaging, project-based learning modules, fostering a hands-on understanding of programming concepts and best practices.
- Taught foundational and advanced technical skills in web development, covering JavaScript, Node.js, Express.js, and frameworks like React, to students across various age groups and skill levels.
- Mentored students to build real-world applications, promoting problem-solving skills and boosting their confidence in coding.

PROJECTS

MyShop E-commerce website

📅 11/2024 - Present 📍 Hyderabad, IN

🔗 https://github.com/codewithcherry/Shopping-Website

- Designed and developed a fully functional e-commerce platform using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Integrated features such as product listing, user authentication, shopping cart, and secure payment gateway.
- Enhanced user experience through a responsive and intuitive interface, resulting in improved customer engagement.
- Implemented RESTful APIs to streamline backend operations and data management.

SKILLS

Server-side

ExpressJS, TensorFlow, MySQL, NodeJS, Redis, AWS, MongoDB, CI/CD, HTTP/2, RESTful APIs, GraphQL APIs, WebSockets, MVC

Client-Side

HTML, CSS, JS, TailwindCss, React, Material UI, Redux, TypeScript, Next, Bootstrap

Development & Operations

JUnit, NUnit, Jest, Mocha, Scrum, Agile, GIT, GITLab, GitHub, Docker, Kubernetes

STRENGTHS

Technical Expertise:

Proficient in full-stack development with expertise in MERN stack, RESTful/GraphQL APIs, cloud deployment (AWS), and DevOps practices like CI/CD and Docker.

Problem-Solving

Skilled in debugging, performance optimization, and building responsive, scalable, and maintainable systems using real-time technologies.

Collaboration & Communication

Experienced in Agile workflows, client interaction, and cross-functional teamwork, with strong documentation and user-focused delivery

Adaptability & Learning

Versatile in adopting new technologies, maintaining high code quality, and ensuring excellent UI/UX design.

CERTIFICATION

Node.js complete web development

Udemy, 2022

MongoDB Database - Advance Level

Udemy, 2021

Data Structures and Algorithms

udemy, 2023

Git version control system (github, git, gitlab)

Udemy, 2022
